
SUMMER ENRICHMENT 2020

Anointed Scholars Inc. is committed to providing participants an option to explore this summer through our Enrichment Program. While the 2020 enrichment will be different, the focus of offering a safe space for participants to be healthy, active, and create lifelong memories remains the same. The safety of all participants and staff is a priority. Enrichment will run in accordance with state and city guidelines, limiting the number of participants who will be able to attend this summer. It is our hope that those who need summer enrichment the most are able to register. We are asking that parents keep this in mind when making their summer plans. Due to the COVID-19 pandemic things will look different this year. The first two weeks of summer enrichment will be explored virtually and will transition into on-site enrichment.
